make the change we are in favor of giving to Charlie Wallace and his wife a title to the office there are in the State and have it published to the world that the people of Nevada are unworthy of the liberty that is guaranteed to Americans.

There continues to be trouble in Kentucky over the gubernatorial election. It is stated that authority has been given to a citizen of Lexington to raise one hundred fearless men who will, if required, prevent Goebel from taking his seat, should it be that he receives a certificate of election from the State canvassers of the election returns. These hundred men will be sworn in as United States marshals. It is also stated that several thousand men will be sworn in as marshals to aid in the inauguration of Taylor, whether he is legally elected or not.

It is reported that Richard Croker, who is about to sail for Europe, said that he would support William J. Bryan for President of the United States; that trusts and imperialism would be the chief issues, and that Bryan was the man to lead the party. Croker is the present chief of Tammany Democracy. How much these statements may mean will be better understood in November next, as silver was not mentioned by Croker as an issue. New York Democrats are an uncertain factor with silver as an issue, which it will be, and as paramount as any issue in the campaign.

# OUR STATE AND ITS FUTURE.

It is very encouraging to the people and more especially to the older residents in the State to observe the change there is in the general feeling of the people for the better, and to learn about the prosperity there is in all departments of industry. Agriculture in the basin generally is in better form than it has been for years preceding the present. The stock interests are nearly as good as our stock farmers could wish. Our mining industries have received new life and energy is everywhere present in mining work, which is necessary to active development.

When we learn that energy is plentiful it is an assured fact that confidence is also plentiful, as energy is impossible without confidence, and when confidence, which is the motive power to energy, takes hold upon the mind, there will be results that will benefit the State and all there is in it.

The present is good, but the near future will be much better, as men and capital are getting ready to do development work. Men who have capital continue to make investments, and those who have made purchases of properties are making their plans for future results that will give remuneration to investment.

The wealth of the State in all departments of nature is enormous. It is so plentiful that it is not within the conception of the human mind, as it is everywhere present in quantity and quality, more especially in our agricultural resources. In our agricultural resources there is not only quantity, but there is quality that is not equaled outside of the basin on the continent.

Our climate insures health and long life, which means energy and confidence in the vast development made by nature in the State, that will give remuneration to investment and labor. The future of the State belongs to the people, and is in all of its departments in their keeping, and if we are worthy of the heritage that nature, in her wonderful development of natural wealth, has given us, we will take an interest in its development and in the protection of those who come among us with capital to aid in giving to the world some of the abundance in natural things that we have in our mountains and valleys. To furnish protection to those who come among us with money or with labor, which is always money's equivalent, the people must govern the State.

There is no evidence that the people of the State up to the present have taken any interest in its development but there are mountains of proof that we have not taken any interest in our own welfare and, when a people do not have the care they should have for themselves and their collective and personal interests, can it be expected that grandeur and beauty will arise out of slothfulness?

We may believe that we have been doing fairly well, but the reason there is for believing that we have accomplished something for ourselves is that we are ignorant of what we could have done and can do under favorable circumstances which we could have provided and can provide by doing the work required to make provision. To accomplish the end each and all should seek, and which we know to be the desire of each and all to bring to the front, is active participation in the political affairs of the State.

The people must govern to the exclusion of those who take no interest in the State, except to hold one of its offices or in doing the work that will entitle the worker to an office. There are men in the State whose life business it has been to hold office, or some position connected with politics or political office, who have not caused or have been the means of causing an additional blade of grass to grow from its soil.

The low condition of health in public affairs has its cause in a state of public business that has become a festering sore on the body politic which must be removed before health can make its appearance in public matters.

There is no cause that will bring life and health out of sickness and death without a change, and our good sense will tell us that there is no such thing as prosperity for the State or for its people so long as it is surrounded with sickness and death, as it has been from the beginning.

We must have a change in the State in its public business before prosperity can come as it should come to the people and the change required will have to be made by them and if they will not take interest sufficient to

## THANKSGIVING SCHOOL EXERCISES

Programs to Which the Public Is Invited Will Be Enacted Today.

The schools will celebrate Thanksgiving day by shutting up shop, which is not only according to law, but is a very satisfactory form of procedure, whether viewed by teachers or pupils. Exercises will be held in several of the departments to-day.

HAPPENINGS IN HUMBOLDT COUNTY

Budget of Central Nevada News By a Journal Correspondent.

The Golconda is about to resume active milling and smelting operations. The Adelaide company have had forty men at work all fall sinking and as soon as the 500 foot level is reached it is reported the smelter will be doubled.

WORK ON GRANITE CREEK.

Morelon Lindley has increased his force at Granite Creek and has put in three carloads of machinery and will open up the large copper deposits in that section.

TWO BONDED MINES

G. R. Holcomb of Salt Lake is operating a large force of men near Golconda on copper properties he has bonded.

The Norton group recently bonded near Winnemucca will add to the latter town's population and prosperity.

FUTURE FOR LOVELOCK

Lovelock is on the boom. Geo. S. Nixon is engineering a deal to reclaim the lower lake at Lovelock; also to store water above Lovelock to bring 50,000 acres under cultivation.

CRIMINAL MATTERS.

The criminal business is lively. There are a large number of indictments pending and others are to follow. The entire gang who have been operating in Lassen and Humboldt are now known and other indictments will follow shortly.

District Attorney Van Duzer is now in Western Nevada running down evidence by which he expects to convict the entire crowd.

It seems there has been a crowd operating from Burns, Or., through Humboldt and Lassen counties, and cattle have been run both ways and sold. The main parties are now known but their names are held back and some of those implicated have told the story. It contains many sensational matters, one of special interest being the attempt to hold up the train in July near Wadsworth.

RECENT DISCOVERY IN LAST CHANCE

F. C. Dickinson Tells About His Big Ledge of Valuable Ore.

F. C. Dickinson of Long valley showed a JOURNAL reporter a sack full of samples from his recent strike in Last Chance District, Plumas county. He has a monster ledge and undoubtedly a rich one.

The find was made three miles from Walter Ede's old dairy. The place where the rock was picked up was once worked and is known as the Robinson claim. Little has been done upon it since the early 60's.

The ledge is well defined and crops for considerable distance. In one place it is 100 feet wide.

A number of assays have been taken ranging in returns from \$1 to \$2,600. The rock contains gold, silver and copper, with some base in the form of antimony and galena.

It is too late in the season for more work to be done until spring than the amount required by law for holding a location. Three claims have been taken up. They are owned by right of location and by purchase by F. C. Dickinson, John Sparks, Dan Wheeler, J. E. Jones, L. Lemmon and Joe Blackburn.

Would Not Suffer so Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. WILSON, Liverman, Burgettstown, Washington Co., Pa. This remedy is for sale by W. Pinniger.

Legal Matters.

"Not a 'rick in three days," said Justice Linn yesterday in reply to the reporter's question. "Either the people are getting good or are clever enough to avoid arrest."

The answer has been filed in the case of Foulke's Accelerating Aermotor company vs. the Inyo Marble company. This promises to be a hotly contested litigation.

Yesterday Judge Currier granted a divorce in the case of Adolph vs. Mary O'Dermatt.

Bismarck's Iron Nerve.

Was the result of his splendid health, indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Hodgkinson's drug store.

THE THANKSGIVING FOOTBALL GAME

Will be a Hard Fought Contest—Lineup of Nevada Team.

The football game to-morrow between the San Jose State Normal school and the University of Nevada teams promises to be one of the best games ever played on Nevada soil. Both elevens have been practicing with all diligence and are in the best of condition.

The Nevada team lined up for its last hard practice last night and tonight will go through light work in the shape of signal practice.

As regards the visiting team a great deal can be said in their favor. At the beginning of the season they defeated Santa Clara by a score of 17 to 0, and since then have played many successful games, being defeated only by the University of California.

The Nevada team will play under a slight disadvantage, as our big guard Keddle received a severe injury Friday night by having one of his ribs broken, and for that reason has been unable to take part in hard practice, and it is possible that he will be unable to play.

The management has arranged for enough bleachers to accommodate all of the fair sex. Arrangements have also been made with Mr. Evans to prevent all trespassers from entering his field and witnessing the game as has heretofore been the rule with a large number, many of whom could well afford to pay the price of admission.

The Normal boys will arrive on tomorrow morning's train.

The Nevada team will probably line up as follows:

Hunter, center; Keddle, right guard; Ohlem, right tackle; Moran, right end; Carman, left guard; Leavitt, left tackle; J. Evans, left end; Brule, quarter; Hayes, left half; Sunderland, right half; B. Evans, fullback.

Substitutes—Leadbetter, B. Smith, C. Smith.

Announcement.

I have just received a complete line of working and dress shirts of the latest patterns and styles, which I will sell at bedrock prices. I wish to call particular attention to a working shirt I am handling. It is undoubtedly the best working shirt that was ever sold on the Coast for the money. Call and examine the same.

I have all the latest patterns in golf and negligee shirts, in silks and madras cloths.

I am pleased to announce that I have secured the agency of the Wheeler overall, famous on this Coast as being the best fitting and most durable overall on the market. It is riveted, triple-sewed and made of the best and best denim. Try a pair and be convinced.

The Nevada Magazine improves with each successive number. The November issue is now on sale.

It is up to the standard set by the magazines of its class published in the east, with the added spice that western freedom of thought inculcates.

Among the contributors are: Idaho Meacham Strobbridge, C. W. Patterson, James A. Yerington, H. B. Maxson, W. J. Cooley, Wm. Planiger, Robert Lewers, N. E. Wilson, Alf Doten, Charles L. Knox, C. G. Norris, Edward H. Marshall, Sam P. Davis and L. A. Robertson.

A Card of Thanks.

I wish to say that I feel under lasting obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has always given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks.—Respectfully, Mrs. S. DOTT, Des Moines, Iowa. For sale by W. Pinniger.

Volcanic Eruptions

Are grand, but Skin Eruptions rob life of joy. NOTICE OF HEARING PETITION  
OF DISTRIBUTION.

THE HEIRS OF THE ESTATE OF JOHN  
W. CRATTY, deceased, and all whom it  
concerns, are hereby notified that J. V.  
Peers, administrator of said estate, has  
filed in the Second Judicial District Court  
of the State of Nevada, for Washoe county, his  
petition for final account and distribution  
of said estate, and that the Judge of said  
court has ordered that the hearing of such  
petition for distribution be had on the 18th  
day of November, A. D. 1899, at 10 o'clock A.  
M., at the District Court room in the court  
house of said county, in Reno, Nevada, and  
that this notice be published three weeks,  
until that date, in the Daily Nevada State  
Journal at each daily issue thereof, when all  
things in relation to such distribution will  
be heard and considered.

Done by order of the Judge of said court  
this 27th day of October, 1899.

F. B. PORTER, Clerk.
